Started in 1999, the goal of The Manual Project is to scan as many US video game manuals as possible. Once scanned they are posted here so that everyone may read them. To date over 400 NES and SNES manuals have been scanned and posted, and the project is now expanded to include works from other sites.

Since the image doesn't appear until that processing is done, it can appear as though the game is running slowly. If your television has an option to turn this processing off, or if it has a "game mode" of some kind, using one of these may help with the issue. Please check your television's support documentation for more details.
