The GE Digital Blender comes with an instruction manual on how to disassemble the jar from the blade to clean it properly and also has a section with many different recipes that you can make with your blender. Clean up is really not hard at all. The rubber lid stays in place, I still like to hold it when on though.

The second blender was better and lasted 2 weeks before it too shot out a puff of smoke and died. When the machine works, it does produce a very good drink, well mixed and smooth but it seems these GE Digital blenders are NOT dependable. I have again replaced the blender but am worried that it will not last very long.

I used a Hamilton Beech blender for 1 1/2 years and it finally wore out mid-day so, in a pinch, we replaced it with the GE Digital Blender Model Number 169202. I was skeptical at first because no research went into the purchase. We literally had to go into the store, pick out a blender, buy it and dash back to the coffee shop.
