Sugar also led to some industrialization of areas where sugar cane was grown. For example, in the 1790s Lieutenant J. Paterson, of the Bengal establishment, promoted to the British Government the idea that sugar cane could grow in British India, where it had started, with many advantages and at less expense than in the West Indies.

Muscovado, also khandsari and khand, is a type of partially refined to unrefined sugar with a strong molasses content and flavour. It is technically considered either a non-centrifugal cane sugar or a centrifuged, partially refined sugar according to the process used by the manufacturer. Muscovado contains higher levels of various minerals than processed white sugar, and is considered by some ...
