Panhead History. Although the Knucklehead was one of the Motor Company's crowning achievements, by the mid 1940's the Big-Twin was in need of an update. Harley engineers updated the Knuck's upper-end with aluminum heads which reduced operating temperatures, and added hydraulic valve lifters which reduced engine noise.

Fact: The History term "All-Terrain Vehicle" or ATV is used in a general sense to describe any of a number of small open motorized buggies and tricycles designed for off-road use. However, the American National Standards Institute (ANSI) defines an ATV as a vehicle that travels on low pressure tires, with a seat that is straddled by the operator, and with handlebars for steering control.

### **Facts and History About ATV**
