Corporate finance is an area of finance that deals with sources of funding, the capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources. The primary goal of corporate finance is to maximize or increase shareholder value. Although it is in principle different from ...

Student online book exchange results page. The primary focus of this text is to empower management students with statistical decision-making skills so that they become active participants rather than passive observers in business situations in which statistical findings are reported and discussed as part of a management decision-making process.
