Asking for the life span of Harley is almost like asking "how long does a stick of gum last" If you are looking for what is going to last the longest - get a steam engine. We have many here in the Midwest that are generations old. My experience is that Harley V-Twin motors that are keep relatively stock will run for years if you take care of them.

**Harley Engine Lifespan | Harley Davidson Forums**

The Harley Evolution engine is probably the most durable motorcycle engine ever produced, to include the German and Italian makes and certainly all of the Japanese engines. There have been at least two documented cases of Evolution engines exceeding 400,000 miles without a rebuild, one of which went 460,000 miles.
