GOVERNANCE MANUAL - ACPE

An effective data governance program brings an enterprise-wide focus to data-related matters and ensures that division- or process-specific silos do not exist without consideration of their role within the larger system. OSDE manages data governance as an enterprise-wide program rather than as a series of disconnected, one-off projects.

Data Governance Program Manual - Oklahoma

This governance manual is complementary to, and consistent with, the Articles. It is intended to be a more user-friendly working document to codify governance operations and to enable members to modify the governance approach as appropriate without a need to revert to the higher level

Articles.
