GA-8I915PM-FS - ReactOS

Hi I've bought that model mainboard, bulk, and so I don't have any drivers for it. The mainboard

doesn't appear listed on Gigabyte's site, because it's an OEM release, as they told me. So, if anyone has the latest drivers and BIOS (an the manual, why not) for it, please send me a PM, in order to reply an e-mail address where those to be sent.
